FORT ONTARIO
OSWEGO, NEW YORK

2/9/43 - p.m.

Just got your letter. Wrote you this a.m. Also got your 3 letters, 1 of clip, from Oswego. May include some clips in here if I get a chance. I asked for a "C. G." pass, always given for 6 or more hours in the other companies, it was the "no". Hoped to go see Mom + family. How are you?

How the "court" is over. Apparently the debate has not come yet, for I've heard nothing of it.

Re Bob's piece: Let him make me a Technical Sgt., that is, if he wants me, arrange it for me to be allowed to get the necessary training or education; or, if he is interested, I'm eligible for O.C.S. speak to Bob about this. I don't want him to ~~turn~~ turn up his welcome, but it may be that the Colonel might know about how I can go about making myself eligible for his office. That I'd be glad to do.

I'll write you soon if I can.

I have not received any V-mail forms - you said you sent them. I may be able to get some here. When I do I'll write C.C. What were the sheets of folded second-sheets you enclosed in one of the letters to Ft Detrick?

Now I'm going to go to the Service Club & work an extra shift so I can begin to do at least a little something with my time. My hours will be 8 am - 11 am; 5 pm - 11 pm.

This may be every day or every other day. I don't know either I can

Love

Kathy
