

Homey

Monday night 3/1/47

at the moment it looks as though I may not be able to write much of a letter. I got back after a very conference, phone trip that has been delayed over a month, & now I'm on duty. I'm on again in the a.m. - off ~~11:30~~ at 11:30 a.m. on Wed., when I'm on 11:30 a.m. - 5 p.m. & then I'm off until Fri night. A revised schedule for an early week & me that makes it possible for me to be in D.C. for any tests

The M.D. may want -
if I can get off. I'll
look into the maybe
tomorrow. As soon as you
get this get in touch with
the M.D. + find out. I
think I can get a pass for
this purpose if it is
recommended by the doctor.
Tomorrow I'll speak to
probably the chaplain about
this, + I'll know. Several
of tomorrow's shipping lists are

3) in of the long were ~~these~~
nice
enough to
check upon
to feel me that so far kin
not shipping. A D's
look in at this and to
you, immediately, do
the same as that. I
wouldn't want to get a
press for this reason, go
down to have the doctor
not have any use for me.
at the same time, this
works like a ~~check~~ break
so far as the time is concerned

I was off the morning
 and afternoon, I couldn't
 write because it is
 more convenient here I
 didn't anticipate being as
 busy as I am tonight. As
 I visited about an hour
 today, read about an hour
 to half, shined shoes about
 an hour, & played 40¢
 worth of pinocle. I'd
 have written earlier had

I know how
 busy I'd be.
 I had all the
 clipping you did. They
 who are writing. I got
 two letters of them. I
 have had a letter from
 Diana & Jr, also.

I guess that's all
 for now, honey. I'd write
 again as soon as I get a
 chance.
