Honey - so
hardly seems
like the first of
May today. It is cold

and raw. But
it is not rain-
ing, and that
is something.

Last night I went into beam, in
spite of the bad weather, to buy
cleaning implement. I got back
that to go to a regimental
meeting of both officers &
non-coms. I returned home
that about 9, Ad, wet, tired,
& feeling none too well generally.
Then one of the boys came up to
me & said he'd seen 4 letters for
me at the orderly room. There
were, & I can't find out why they
were never delivered. There
were from you & one from

Diana. I'll give the dates to you,
as I answer them, and see how
Diana's letter after I answer it.

Frankie didn't write the letter
nor his signature. What did
Belle? - I'll answer it tho!

Anyway, I felt a lot better
when I got those letters - Tuesday, Tue,
Wed & Thursday, I believe.

About me: Because of the

fee weaker we have had that
little drill. Hence I feel better.

But I haven't felt too well
when drilling. Now the doctor -?

What can we do? I'm doing
what he says, but I have no

choice. But I have no doubt
that you'll get the

medical discharge I'll
never get... We go back to
work.

Letter 202

It has turned out to be a
very nice day, & I feel pretty
I am going to take a
stroll into town. to see
and this thing is I can
make it there.

However, I have good
news. I got 14 letters
tonight, of which
half are yours. They
came all at once. Of
course, I dropped everything
to read them. But I'll
answer them tomorrow.

As now I'll work
again & mail this.
It will probably get here
the same time or yesterday.

Love

Harold

P.S. - please try to get
what I ~~and~~ ~~wishes~~
"get" away the clips.
I don't want the clips.
and thanks for the stamps
& envelopes.
