stay here until we go to the
assembling point. We
happily our Co. This a.m. as

Let us rejoice here are to be affected
that we will get a week - 10 days - 2 weeks
furlough, depending on who tells the
story. Another is to the effect that
we will all get stripes out of this.

As I write this I'm sitting on
a low concrete fence, reviewing, &
wondering when we will be told any-
thing, like our address for the coming
period.

Though it may be here for a day or
several days, we apparently will not
get fones.

Also I may send some things I wrote
about to take to you. If I'll get them back
whenever I get back. I assume all peace to
W. H. H., M. G. G.

There really is no news,
I got in last night at 1 minute
before 12, the bus being late.

The buses, which were on top
that we were going on this a.m., didn't
tell us it is 6 a.m. today. We could
have packed up & worked last night.

It was a nice week getting all
our stuff together in time.

See you again as soon as there
is some news.

I am

Howard
