

Dear -

Service Club

8/4/43

Several days
wondering

ago, while
through town,

I encountered a gentleman not
unlike your husband in
appearance, but he is, really &
truly, Dr. Livingston of
the best of kind.

With the
aid of an ancient but
amiable Spanish photographer,
a more aged camera, & photo-

paper & materials of question-
able quality & durability, I
have preserved his image.

Boy, should you get a
laugh out of it!

24 I have
taken in
granted

That you
do not
expect to

hear from me either too
regularly or too frequent-
ly. But I say you
should so you won't
worry if you don't hear.

Worry things can
keep you from getting
mail & me from writing.

For now - Love - I
remember me to Johnny &
her friends.
