Laboratory Work Sheet

Re: LEE HARVEY OSWALD, aka
IS - R - CUBA

Examination requested by: President's Commission ()

Examination requested: ~~Photographic-Microscopic~~ *Spectrographic*
~~Firearms~~

Result of Examination:

Specimens submitted for examination

B6

609 ~~Request for location and examination of mark on curbing at assassination site~~ Piece of curbing.

Small foreign metal smears (see attached for location) were run spectrographically (Garratt-Link.) & found to be essentially lead with a trace of antimony - could be bullet metal. No copper observed.
