MEMORANDUM

Int. Cir.

TO:

Joseph A. Ball and David Berlin
of United States Attorney's Office
Dallas, Texas

FROM:

Harvey Keelick

I hope that while you are in Dallas you check Oswald's room at 1063 S. Haskell to determine whether certain rods were noted and, if they were, whether Oswald had any conversations with either Mrs. Johnson or Mrs. Roberts. I have been reading a document entitled "Oswald, the Impossible Assassin" by a French author who apparently visited Oswald's room and notes quite a point of the need for curtains in that particular room.
