Dear Professor Raikin:

Re: Your TAS report of June 13, 1962 conserning your interview of Lee Harvey Oswald

Contained in your report is the sentence, "Mr. Oswald has been a member of the Marine Corps and while on duty with the United States Embassy in Moscow......".
When interviewed by the Federal Bureau of Investigation, Mrs. Jean Jeter of TAS stated that you were the source of this data.

I having been having some difficulty in locating the source for the background information contained in the before mentioned sentenced. Was that information given to you by Oswald or was it obtained elsewhere? Your kind assistance will be most appreciated.

Sincerely yours,
