

Dear Gary,

7/29/95

It was thoughtful of you to send me your exchange with Schlesinger. Thanks. That has always interested me and in 1968 I interviewed General ~~Cavitt~~^{Cavitt} about it. He was quite explicit on what JFK had told him and some other general, he was getting out after the election.

I
During and after World War II ~~was~~^I was an analyst in intelligence so I tend to think that way. Last year I finished the rough draft of the sequel to NEVER AGAIN!, ~~Watch~~^{Watch} the Watchman: Our Strangelovian Military and the JFK Assassination.

I'd planned for my second book to be ~~Tiger To Ride~~^{Tiger To Ride}: The Untold Story of the Cuba Missile Crisis. My historian friends now tell me I was correct in being alone in referring to it as Cuba rather than Cuban ^{after} with the developments that became public at the last of the conferences between the parties involved on all sides in January 1992. Two years ago Pantheon published an Americanized version of the official transcripts of that conference in On the Brink. You might be interested in reading it if you can find a copy.

I've pretty much finished the rough draft of a long book on Newman's monstrosity. When the part that was edited out of Case Open can be sprung from the computer I'll be adding, no, that is to the Mailer book I've also about completed. The Newman book is being retyped. I'm writing an Afterword on the book by Carlos Lechuga, In the Eye of the Storm. You can get it from Last Hurrah, 937 Memorial Ave., Williamsport PA 17701 if it interests you. Total cost \$18.00 Good people if you've never dealt with them.

Thanks and best,
