Mr. Weisberg:-

Assume, of course, that you have seen the article by Marshall Houts on Mr. Milton Helpert in the July issue of ARGOSY; but have you seen the "Nix Film Analysis" by the Itek Corporation which is certainly elaborate and 55 pages with pictures?

It is assumed you received my check but I have not received the 'reprint'.

If you'd care to see the "Nix" study I suppose I could send it to you if assured that it would be returned promptly.
