

To Jim Lesar and Mark Allen from Harold Weisberg 4/27/85 re FBIHQ records
disclosed to Mark 3/16/85

I'm not going to be able to go through these today but when I saw the record on the top I recognized the name, which is an alias, and want not to forget to let you know.

Richard Cain is a crook and I believe was also CIA. He was killed in 1974, in Chicago, where he was involved in various scandals the details of which I do not now recall. His correct name is or was Scalzetti and the "S" in Richard S. Cain that he made up comes from this. It is "Scalley."

If either of you wants more info on him I can check and copy files but he was a con type and nothing he said can be believed.

Dear Harold:

Enclosed is a copy of materials released to Mark on 3/18/85. Some of them may be of little or no interest to you, but since there is a considerable volume of Balletti materials which apparently have not been released before, I copied the whole release for you.

I sent the Oswald Marine Corp file to you on Saturday. As soon as I locate it and find time to have it copied, I will send you the Dallas Inventory volume I showed you when Mark and I and Wrone were up to see you.

Best regards,

A handwritten signature in cursive script, appearing to read "Jim".
