Alvarado, [redacted] considered of questionable reliability by CIA, on 11-26-63 advised American Embassy Mexico City, that on 9-18-63 he saw Oswald receive \$6500 in meeting at Cuban Embassy Mexico City. Our New Orleans Office has established that Oswald was definitely in New Orleans Sept. 17 and is trying to definitely determine his whereabouts on Sept. 18. He did not leave New Orleans permanently until Sept. 25. We have suggested CIA polygraph Alvarado. On receipt of New Orleans inquiries this morning appropriate instructions will be issued to Legat in Mexico.
