

America's No. 1 Investigative Reporter to Reveal New Evidence on TV

Castro Ordered Mob To Assassinate JFK

John F. Kennedy was assassinated by the mob in a conspiracy headed by Cuban dictator Fidel Castro, says America's top investigative reporter Jack Anderson — who will reveal his startling evidence on nationwide TV.

And Lee Harvey Oswald didn't act alone — three other gunmen were blasting away at JFK that dark day in Dallas, Anderson says in his new evidence reveals.

"I have an explosive confession from a top mobster, Johnny Roselli — who admitted to me that JFK was murdered by the mob on the orders of Castro, in retaliation for assassination attempts against the Cuban dictator," Anderson told THE ENQUIRER in an exclusive interview.

"And for the first time ever, two key witnesses are coming forth who will substantiate Roselli's stunning story. I'll interview them live on an upcoming TV special marking the 25th anniversary of JFK's death."

Anderson says there's also strong evidence that President Lyndon B. Johnson and Bobby Kennedy knew about the mob-Castro involvement in Kennedy's death — but that Johnson ordered the head of the Warren Commission to cover it up.

The famed newsman says he'll disclose full details of the mobster's confession in his two-hour syndicated TV special, "American Exposure: Who Murdered JFK?" which will air November 2 on 150 stations across the country.

"One of the two men I'll interview is a major law enforcement figure who, as an undercover man, was present at a meeting between mobster Roselli and mob boss Sam Giancana, the man who O.K.'d the 'hit' on JFK. The other man was a confidant of Roselli."

Anderson said he met Roselli through the gangster's attorney, Edward P. Morgan.

"It took me several years of constant effort to get Roselli to talk. But slowly he gave me, piece by piece, details of an incredible story," said the Pulitzer Prize-winning newsman, whose syndicated column appears in 850 newspapers nationwide.

"Before the Bay of Pigs invasion in 1961, the CIA de-

TRAGIC ASSASSINATION OF JFK in Dallas was ordered by Castro, Anderson claims.

MURDER of Lee Harvey Oswald by Jack Ruby was ordered by the mob, says Anderson.

LBJ ORDERED Justice Warren to cover up mob-Castro involvement in JFK's killing, evidence suggests.

Anderson says the CIA decided the assault would have a better chance of succeeding if Castro were already dead.

"Since the mob still had extensive contacts in Cuba from when they ran casinos on the island prior to Castro's takeover, the CIA decided to use the underworld in a plot to kill Castro."

"Robert Maheu, a top operative for billionaire Howard Hughes, told me he put the CIA in touch with Roselli — a top lieutenant in the Chicago mob."

"CIA agent William Harvey was the man in charge of the project. Roselli got the plan approved by his boss

Giancana, head of the mob's Chicago 'family.'"

Roselli sent "hit teams" after Castro six different times — but the assassination attempts failed because Castro was tipped off by mobster Santo Trafficante, Anderson said.

"Castro finally got fed-up with the plots on his life, and ordered a 'hit' on Kennedy, Roselli told me."

"Mob bosses cooperated with Castro because they hated JFK — at the time his brother Bobby was U.S. Attorney General and leading an assault on organized crime. I also believe Castro promised the mob some ben-

MOB BOSS Sam Giancana approved JFK's murder.

Anderson says the CIA decided the assault would have a better chance of succeeding if Castro were already dead.

"The three men got Oswald to buy a rifle that they knew could be traced back to him. The plan was to place the blame for the assassination on him alone — then kill him before he was arrested so he couldn't talk."

"The Kennedy assassination went perfectly — except the police arrested Oswald

before his coconspirators could kill him. So the mob had to send in Jack Ruby, who'd once worked for Giancana, to shoot Oswald inside Dallas Police Headquarters."

Through its undercover contacts in the mob, the CIA learned about the mob-Castro connection shortly after JFK's death, Anderson said he was told by a highly placed White House source.

"Then, the source concluded, CIA director John McCone briefed new President Lyndon Johnson and privately told Bobby Kennedy, who was heartbroken. Bobby blamed himself for JFK's death, realizing he should have stopped the plots against Castro."

"According to my White House source's evidence, Johnson then told the whole story to Supreme Court Justice Earl Warren."

"But the evidence indicates LBJ told Warren he had to lead the Warren Commission into finding that Oswald alone killed JFK. Warren had no choice but to go along — if the American public had known Castro was behind the plot, the outcry would have led to retaliation against Cuba and then Russia might have jumped in, triggering World War 3."

"Years later, the Senate began investigating the CIA. Roselli and Giancana were subpoenaed to testify before the committee — but were killed by the mob before they could talk. The mob was taking no chances."

"I was the only newsman who got to Roselli — and I will tell America the full, fascinating true story behind John F. Kennedy's murder on my TV show."
