

Dear Harold + Lil:

12/11/01

How are you? We are all doing well. Julia, our daughter is now 7 and Jordan is 18 months. He is quite a jay! Work is good. My husband, Bill has left private practice and is working for a company. He is much happier doing this. My practice is busy during these difficult times.

Unfortunately, I lost my mother this year. She had some teeth extracted in November + died the next day from a blood clot. We are still in shock ~~from~~ because it was so unexpected. She was not ill.

I hope your health is stable. Please drop a line if you can, to let me know how you are doing.

Love
Lil
