Dear Mr Weisberg,

I have written to you previously and now hope that once again, you may be able to assist me with my enquiry. The enquiry is in connection with the JFK assassination, and regarding the purchase of the Carcano via mail order.

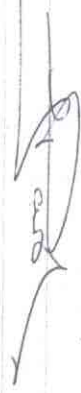

I hope that if you can not answer my questions, that you might be able to steer me in the direction of somebody who can.

I would like to know what the laws in Texas was on purchasing pistols and rifles in 1963. Was any identification required for purchasing over the counter, and if so, which documents were required? Also, what if any, was the waiting period and would it have been any easier to purchase via mail order, or to actually walk into a gunsmith's?

I would be very interested to know your views on this, as well as finding the answers to the above questions.

I thank you sincerely for taking the time to read my letter, and shall appreciate any reply you may have for me.

With respect & regards
