Dear Mr. Weisburg,

Enclosed is a letter from the National Archives which states that there will be a delay in the reproduction of the photograph you requested. The National Archives has told me that they could not make a copy of the a Zapruder frame with the sprocket holes.

I have enclosed two more wire stories on the King assassination as well as some material that George Lonergan, who is a member of the AARC, asked be forwarded.

Sincerely,

Jonathan R. Meyers,  
Coordinator of Research  
and Communication, AARC

Dear Jonathan,

Thanks for your 1/27, not here until today, and for the enclosures.

I've replied to ~~Tom~~ Tomorgan. The one may be Brehm and I do not know the others and have no pictures of those on his list.

I'm glad to be kept up with Bill Pepper's adventures but as I told Jim I have no confidence at all in the newest Jowers story.

I'm very sorry it took so long to request those pictures of the Archives because the book is now being rushed and it is clear the pictures now cannot be gotten there.

It simply is not true that they do not make prints of the Zapruder film to include the material between the sprocket holes. Look at Exhibit 885.

Besides that, Jim filed a suit for Chip Selby and me in which I got the right to duplicate each individual frame from the original. At that time Groden had promised to do that. He then backed out. That is why I asked for the right and that is why I could not exercise it when I got it.

Please tell Jim thanks for the belated forwarding of my letter to Linda Hunt.

I'm glad also that he was rushed and just sent me a xerox of his letter to her to give me her address. I think I can help her with Peron and I so wrote her immediately.

I was for a while a Latin Americanist in intelligence during and for a short while after World War II.

Then I got a very nice letter from her yesterday, before she got that letter.

Thanks and best to you both,

Dear Mr. Meyers:

We have received your order form for reproduction services regarding one 8x10 black & white print of Commission Exhibit 718. However, we are not able to process this order at this time due to the Special Media Preservation Branch (NNPS) closing for the relocation to our new building in College Park, MD. Bulk photocopying, still photography services, and microfilming services will be interrupted during the move. Your order will be held in a pending file with the JFK Liaison Office until NNPS reopens for reproduction services, at which time it will be forwarded to NNPS for processing. If you have any questions regarding this matter, please contact the JFK Liaison Office at (202) 501-5313.

We apologize for the delay in processing your order.

Sincerely,
