Dear Bob,

[illegible] "Threat", where I've filed it, I would add only [illegible] necessary to attempt to ascertain who might have written it and whether his intentions might have included execution. I finally made a tentative decision (the second) about [illegible] it, but I had left the area, and there is nothing new for intellectual stimulation. It is interesting and [illegible] novel.

[illegible] the final part of it, all is pretty fun, [illegible] this time to [illegible] and tone down the second, [illegible].

[illegible] high confidential hope, I think I [illegible] potent thing yet. I'll [illegible] my xerox copier, so no promises yet. In fact, I am always pressed [illegible], but now more so.

If, [illegible] doubt, you learn from the handwriting, I suggested the [illegible] because I [illegible] better a morality of the departure of misinformation in an Attica story fed [illegible] "authoritative sources alleging [illegible] of a dungeon on one of the prisoners. I [illegible] other friend's trust.

Yours truly,
