Dear Bob,

It seems as though every letter I write begins "Sorry I haven't time for adequate answer, but that's reall the way it is. I've just pasted up the very large appendix of PHOTOGRAPHIC WHITEWASH and am captioning, hoping to get it shot. Ms. almost retyped. We are close.

I tried to call Dick Gallen, Parallax, yesterday and today, to get scoop on CIA WHITEWASH. Will try again and let you know soonest. I believe they are doing it. If they do, it will be available from me also, for those who can get it no other way.

I've not had any accounting of the Fall WHITEWASH, but hear it sold 400,000 and is still in their best-seller list, the only book of non-fiction that is. (See their June bookstore mailing).

It is futile for me to promise I'll go over the consolidated Lovelady chapters. Just do it. I trust you, certainly with Penn's help.

Keep me posted on Penn's books, if he doesn't, so I can plug them.

We'll be away few days end coming week.

Best to Penn and LA,

Sincerely,

Harold Weisberg
