From Harold Weisberg
Subject: Another threat to kill Jim Garrison

I report this not because I credit it but because I think we can take no chances and because it may be another operation of the dept of disinformation.

Efforts were made to feed Broshears to me a year ago in Calif. I did not go for it, then or since. Last night I phoned Hal Verb about another approach to the Doyles on their film and he told me this story;

"The Chinaman" has threatened the life of Jim Garrison. He is in Santa Anna, Guatemala and is sending two Spanish gentlemen to do the job.

Hal has this on tape, will transcribe it and send each of us a copy.

Also of interest because of other recent developments is what he was told by Larry Haapenen of the Seattle committee, that there would be "shocking developments" in a few days. I do not know the date on which Hal was told this, but I recall to you that Bradley made a statement indicating he expected Garrison to attack him on the anniversary of the assassination. He made this statement publicly, before the anniversary. A tape is on the way to me.

Hal also said the name of Epstein's book is "Counterplot" and that it is due this month.
