

MRS. A. W. BRUSSELL • ROUTE 2, BOX 3050 • CARMEL, CALIFORNIA 93921

Dear Mr. Weissberg,

Enclosed is an article from a recent speech I gave here in town. I have spoken several times, and the people in Carmel are very interested. It is a conservative town, but the old grass roots fear the power and secrecy of the men in Washington and seem anxious to know more about it. Talcott, our Congressman, sent out a newsletter on whether or not to open Warren Report. He sent a follow-up letter saying he was amazed at the antipathy of the citizens to the Commission, and that if he had reworded the newsletter to say that another body would investigate it would have been overwhelmingly "yes".

I am discouraged by the lack of support given to Garrison by people in general.

Enclosed is \$5.00 for Whitewash III. Good luck. My book should be getting ready by Winter. The research has taken over a year. More about that later,  
best wishes. *Mrs. Brussell*
