Dear Harold,

Thank you for your book. I was about to order it from you, when it arrived.

I still have my weekly radio show "Dialogue Conspiracy", which has been going 3½ years. The format is to take the news of the week and tell how it is affected by the political assassinations. This week I will speak of your book. Hopefully, you will get orders on it.

Enclosed is a bibliography I mail to readers and listeners..all over the country. Your books are on the list. I wonder how many people have ordered from this list?

Are you going to a conference in Boston, Jan 31, on political assassinations? Penn Jones did not know the group and was suspicious of their purposes. I wondered if you had time for these things now.

Keep up the good work. I shall plug your book as much as I can. My radio program goes to other stations, Boston, Ohio, Sacramento, Oregon..etc. so here is hoping it helps your efforts.

Keep up the good work,
