Dear Mr. Weisberg,

Thank you for your letter of Oct. 3, 1993, expressing the fact that you received the Crossfire transcript of Posner and Wecht. You mentioned that if I had others, you would be interested in receiving them.

Enclosed, please find a copy of the Larry King Live program of January 16, 1992, featuring Governor John Connally and Frank Mankiewicz. I thought it was interesting that the Governor of Texas still swears that there is no "magic bullet," but he still believes the Warren Commission. A typical politician rowing right down the middle.

I spoke to Ed Tatro last week, and he is as busy as ever. He asked to say hello to you when I sent you the enclosed transcript.

I will come across a couple more transcripts when I finish unpacking boxes in the attic. My wife and I moved a few miles north on Cape Cod from where we formerly lived.

Until I find the rest of my transcripts, I hope you can use this one with Governor Connally. I will send you the others soon.

Sincerely,

Bill Cheslock
