Dear Mr. Weisberg:

Reference is made to your Freedom of Information-Privacy Acts (FOIPA) requests for information pertaining to the murder of Dr. Martin Luther King (MURKIN) in Memphis, Tennessee, and the Assassination of President John F. Kennedy (JFK) in Dallas, Texas, from the investigative files of the Federal Bureau of Investigation (FBI) maintained at FBI Headquarters, Washington, D. C.

A review of the MURKIN files (FBI file number 44-38861) disclosed a 16 page document which had also been indexed into the JFK files (FBI file number 62-109060). This document is an airtel from the Buffalo Field Office of the FBI to FBI Headquarters dated June 5, 1968. This document is serial 4691 in the MURKIN files, which is located in section 60. The document does not bear a serial number in the JFK files but is located between serials 6489 and 6490 in section 160.

Excisions were made to serial 4691 in the MURKIN files on the basis of Title 5, United States Code, Section 552, Subsections (b) (7) (C) and (b) (7) (D). The document was furnished to you without excisions in the JFK files.

To assist you in correcting your copy of the MURKIN files, a copy of serial 4691 is enclosed.

Sincerely yours,

Allen H. McCreight, Chief
