He stated CALEY is a wealthy man who visits the Princeton, Minnesota, area regularly to check on his property. ## FEDERAL BUREAU OF INVESTIGATION

Date December 8, 1963

JOHN ADEMA, Princeton, Minnesota, advised that he and his partner own and operate the S. and A. Plumbing and Heating Shop in Princeton, Minnesota. His partner is DON STANLEY. One of the customers with whom they have done a considerable amount of business in the past is one WILLIAM T. CALEY of Wayne, Pa., who owns a large office building on the main street of Princeton. This building houses several business operations including the local office of the telephone company and also has four residence apartments on the upper floor.

Mr. ADEMA stated that he has known CALEY for a number of years and knows him to be a person who has very strong likes and dislikes and has often stated his dislike of Negroes and Jews. He also passes out literature, principally a magazine of sorts called "Common Sense".

According to Mr. ADEMA, CALEY spends most of the year in Pennsylvania but does make at least one trip to Princeton each year to look after his building. During that portion of the year he is in Pennsylvania he normally makes several long distance telephone calls a week to him and his partner relative to his building. In these calls he discusses matters pertaining to his building for up to fifteen minutes and then it is not uncommon for him to make comments on and discuss some topic of current national interest for several additional minutes.

ADEMA advised that he is unable to give an exact date, but he knows that it was a day or two prior to the March of the Negroes on Washington, D.C., that at about 9:00 p.m. he received one of the usual calls from CALEY at his home. On this occasion as in the past Mr. CALEY discussed matters pertaining to his building for about fifteen minutes and then brought up the matter of the above mentioned March on Washington. ADEMA stated that as near as he can recall CALEY stated "Look for some high government official to be shot or killed soon". ADEMA stated that it was not specifically said but he assumed that this predicted killing would be the result of some Civil Right action. The identity of the government official or the place of the incident was not given.

ADEMA stated that he does not recall what reply he made to this statement by CALEY, but he had no desire to be drawn into a discussion of that type and did not encourage further discussion.

The conversation was terminated shortly and he gave it little thought thereafter until after the assassination of President KENNEDY. In subsequent conversations with CALEY there was never any similar statement.

ADEMA also advised that his partner DON STANLEY was not a party to this conversation.

On October 22, 1958, HENRY W. RONAYNE telephonically advised SA MICHAEL B. DAVY that he resided at 357 Morris Road, Wayne, Pa., and operates Chick's Auto Body Shop, 101 North Aberdeen Avenue, Wayne, Pa.

RONAYNE said he had been asked by WILLIAM T. CALEY to have the Scout Troop which RONAYNE is Assistant Director of, distribute 100 copies of a pamphlet called "United States Day October 23." RONAYNE said CALEY operates a nursing home at Wayne, Pa., and frequently visits his body shop with pamphlets and literature to hand out. Much of the literature appears to be anti-Semitic and segregationist in nature. RONAYNE forwarded through the mail a copy of the pamphlet he mentioned on the phone, to the Philadelphia Office of the FBI. The pamphlet was published by the United States Day Committee, Inc., P. O. Box 353, Tulsa, Okla., and the pamphlet attacked the United Nations Organization, urged the McCarran-Walter Immigration Act be strengthened, and urged that measures be taken to stop the Federal Government from taking over more of the rights of individuals and powers of local governments. It attacked "Internationalism and creeping Socialism" in the United States.

On April 18, 1958, WILLIAM T. CALEY of 20 West Avenue, Wayne, Pa., personally appeared at the New York Office of the FBI requesting to see SA THOMAS J. BARRY. CALEY stated that RUSSELL MAGUIRE of the American Mercury magazine had furnished him the name of SA BARRY as a person in the FBI "who could be trusted." CALEY said he sometimes had information concerning the "Jewish conspiracy against the United States."

CALEY said he came to New York to see MAGUIRE because he had some material concerning "Nigger gun clubs" which he wanted MAGUIRE to make 100 photo copies of. CALEY said the information about the "Nigger gun clubs" was given to him by one GRANVILLE ROSE, a vitamin salesman who lives in Wilkes-Barre, Pa. He said ROSE is active in getting information concerning "Jews and Niggers."

CALEY said he is owner and director of the Caley Research Foundation, 20 West Avenue, Wayne, Pa., which is set up to do research in cancer.

On December 21, 1962, LOUIS J. NICOLETTI, Investigator, Second U. S. Army Industrial Security Field Office, Philadelphia, Pa., Lt. Col. U. S. Air Force Reserve, residing at 8419 Ardleigh Street, Philadelphia, Pa., was interviewed at his request by SAs GEORGE BICKLEY, JR., and JAMES Q. GORD, 109th INTC, Philadelphia.

NICOLETTI related that he attended a Christmas party at the Willow Grove Naval Air Station on December 15, 1962, and that he became socially acquainted with a Mr. W. T. CALEY when CALEY asked NICOLETTI to join a group of people in his party. CALEY during the course of the evening, almost whispering, asked NICOLETTI whether or not he had ever heard of "counter-insurgency." NICOLETTI stated to CALEY he had never heard of this, but having his curiosity aroused he attempted to determine from CALEY what "counter-insurgency" was. CALEY said he was speaking in reference to a "counter-insurgency" training program which had as its objective to hold down the American public. CALEY said he had literature regarding "counter-insurgency" and this "counter-insurgency" was related to Major General EDWIN WALKER of the U. S. Army in Texas. CALEY did not specify the relationship between WALKER and "counter-insurgency." CALEY said that he would make some of this literature available to NICOLETTI but NICOLETTI, after departing the club, never heard any more from CALEY.

CALEY gave NICOLETTI, during the course of the evening, his business card which read:

W. T. CALEY  
Caley Research Foundation  
Research Analysis  
30 West Avenue  
Wayne, Pa.  
Murray 8-3636

On March 8, 1963, Lt. JOHN LITZENBERG and Sgt. RUSSELL FLEMING, Radnor Township Police Department, Wayne, Pa., advised SA THOMAS F. LEWIS that WILLIAM T. CALEY had been a life-long resident of the area and comes from a family which at one time was considered wealthy. They estimated his age to be in the mid 60's, and said he operates the Caley Nursing Manor, 30 West Avenue,

Wayne, Pa., which is also his residence. The manor is a combination rest and nursing home set up and operated by CALEY alone for about 15 years. They said they had never known CALEY to have been arrested or otherwise considered in the community as a criminal type. He does, however, have a history of making frequent and unfounded nuisance complaints to the department and is considered by most of the individuals who are familiar with him, as being mentally and emotionally unstable. They were reasonably certain, but not positive, he had been confined on occasion to mental institutions. He has few social acquaintances in the City of Wayne. He is considered to be completely unreliable in his comments and it is generally understood in the community that any statements made by him have little, if any, basis in fact. Lt. LITZENBERG said it was his opinion that CALEY's business survives because of the acute shortage of nursing establishments in the area.

DONALD G. COX and GENTRY H. LOWE, JR., identified themselves as Special Agents of the Federal Bureau of Investigation to WILLIAM THOMAS CALEY, 30 West Avenue, Wayne, Pa.

Special Agents COX and LOWE then advised Mr. CALEY that he had the right to an attorney and anything he said could be used in a court of law against him. CALEY voluntarily furnished the following information:

He advised that DON STANLEY and JOHN ADEMA are plumbers and own and operate the S & A Plumbing Business, Princeton, Minn. He advised that STANLEY and ADEMA do plumbing work for him. Mr. CALEY stated that he owns the Caley Building in Princeton, Minn., and this is the property for which STANLEY and ADEMA are hired to maintain the plumbing. Mr. CALEY advised that he has telephoned STANLEY and/or ADEMA on numerous occasions, in the past. He stated that he does recall telephoning STANLEY and ADEMA about thirty days ago in regard to the furnace in the Caley Building. He stated that he was having the old furnace overhauled and had talked to them regarding this matter.

Mr. CALEY stated he did not remember telling or indicating or inferring in any way that President KENNEDY would be assassinated and denied saying, "Soon a high Government official would be assassinated." He stated that he would not have any basis to make this statement and it had not entered his mind. He further advised that he subscribes to the "American Capsule News," which is published every Saturday at 1835 K Street NW, Washington 6, D.C., and that MORRIS A. DEALLE is the Editor and Publisher. He advised that he had purchased subscriptions to this weekly newspaper and had given the subscriptions to STANLEY and ADEMA as a gift. Mr. CALEY advised that this newspaper has a section entitled "Predestination." He made available a copy of "American Capsule News," Number 402, dated November 30, 1963, Washington, D. C., and on the inside page under the title, "Predestination," appeared the following article in part:

"On July 16, 1960, Capsule News made the definite, unqualified statement that 'Whoever is elected this year will die in office.'"

Mr. CALEY stated that he was of the opinion that Mr. DON STANLEY and Mr. JOHN ADEMA had probably read this "American Capsule News" and attributed the prediction of the death of an elected official mistakenly to him.

Mr. CALEY stated that he could not remember making a telephone call to Mr. ADEMA a few days previous to August 28, 1963. He remembered that the March on Washington took place in August 1963, which was a peaceful demonstration to win support for the passage of the Civil Rights Bill. He stated that he did not remember telephoning Mr. ADEMA or Mr. STANLEY previous to this March and denied that he stated to either one of these men to watch for a high Government official to be shot during this March on Washington.

Mr. CALEY advised that he does not publish or distribute any literature of any kind, but has purchased subscriptions to the "American Capsule News" and some other weekly newspapers which he has given to people as gifts.
