TO : Mr. Conrad

DATE: February 1, 1964

FROM : W. D. Griffith

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - C

The evidence listed below was received in the Laboratory today with a memorandum dated January 31, 1964, to Mr. Sullivan from W. A. Branigan.

Q475 Envelope postmarked "17 ENE. 64-17" "Mexico D.F 5:00 PM" addressed: "Sr, Robert Kennedy, Ministro de Justicia Washington, Estados Unidos"

Q476 Accompanying letter beginning: "Mexico D:F. Dic de 1963..." and signed, "Ernesto Flores Luna," followed by an illegible handwritten flourish resembling a capital "J"

Results:

It was found that the typewriter used to type specimens Q475 and Q476 was not used to type the pertinent previous typed specimens in this case, specimens Q232 through Q235 and Q350A through Qc353, which is correspondence signed "Pedro Charles," "Maro del Rosario Molina," and "Miguel Galban Lopez."

The typing on specimens Q475 and Q476, except the numerals (which are sometimes varied on special order), most closely matches Underwood Small Victoria, spaced ten letters to the inch.

The envelope Q475 and the sheet of paper of Q476 differ from the envelopes and paper of Q232 through Q235 and Q350A and Q351 previously submitted in this case. Specimens Qc352 and Qc353 are photocopies. However, from such examination as can be made from these copies, physical differences between Qc352 and Qc353 on the one hand and the current specimens Q475 and Q476 on the other hand were noted. Specimens Q475 and Q476 are retained in the Laboratory.

RECOMMENDATION: For information and appropriate action of the Domestic Intelligence Division.
