Dear Michel,

This morning I was reminded that after so long you have not returned the materials you borrowed. A professor friend came to borrow a film.

I would like them returned, please, in some safe manner and as soon as you can.

Your special seems to have been aired. I've heard of its use in Sweden.

And I believe that Mark Lane used some of your footage to ~~see~~^{sell} himself.

In this country it is a practise with such presentations to have transcripts. I'd be interested in one as a matter of record if you have one. Even in French.

I doubt you came upon anything new, sensation and actual.

I've seen the footage of Ray Lane uses as his unless questioned. If that is all it is of no interest to me. Nothing to it, for me. You had his face and any words from him would be new to European audiences.

The day I was to have returned to your hotel before 3, when you were leaving to keep an appointment, I was delayed and could not make it.

Best regards to you all,
