Dear John,

When you read the enclosed, please give to Harv.

Thanks for the copy of my previous letters. In that case I had none.

The check was put in the wrong envelope. For its return thanks also.

No word from Salt Lake.

PW should be commercially available in California by the time you get this, through Raymar, Menrovia, Calif., at normal trade arrangements.

Please tell Harv that Townley tried to plant bad information with Garrison through me. I wrote and informed boss at WDSU, whose reply is not an answer and reveals no personal investigation. Possibly CES would not like to air this, with its own record. What he told me and what the "witness" to whom he took me said amounts to the worst thing said against Shaw. Had it been used (an underestimation of Garrison and me both) without checking, it would have been really scandalous. I trusted him, never dreaming a net man would do so awful a thing. I also have a tape, with permission, that includes his voice on it.

Sincerely,

Harold Weisberg

The missals are classics, absolute bloody CLASSICS!!!

I've Xeroxed a file copy for your continuing library just in case you might need them. Also, have no idea what Madam Field's personal check connotated, other than you probably tossed it in by mistake; perhaps the copy will come in handy also.

Am about to wipe away the saliva and woodshed your latest ----- more when I return to consciousness. My best to your incredible woman.

Best Personal Regards,

A large, stylized handwritten signature in black ink, appearing to be the name 'John', is written over a horizontal line. The signature is highly cursive and loops around the line.
