

July 15, 1969

Dear George, *Renmar*

Many thanks for your note of July 12 and your Voshinin memo. I have sent copies of the memo to several other critics. Fred's request for info on Voshinin seems to have originated with Mary Ferrell who is in Dallas, and since I will be seeing her in the near future, perhaps I will know more about it in the near future.

I have the ~~the~~ books by Penabaz, or they are on order. I have read the UNO book, but am not sure I got the other two. I have been on the Hargis mailing list for some time and ordered anything they had by him. My interest in Penabaz started in a very unusual fashion. When I first got to Minneapolis I sent to the archives for all documents which dealt with Minneapolis (according to the designations on the list of basic source materials). One of them was an interview with a right wing minister who was at that time in Duluth (Frederick Curtis Fowler, who is also with the Christian Crusade) about a meeting which took place in Shreveport, La. in early 1964 at which the assassination was discussed by Penabaz, Edwin Walker, and Hargis. From there I went onto other documents about Penabaz, since there is a name file on him. I mentioned him to Harold, and then he came up in a conversation between Harold and someone else, and that led to Harold's work on him. Since that time Harold has developed a good deal of info on him.

I expect to leave for Dallas this coming Tuesday. When I get back I will be able to send you memos on people like Rose, etc. Right now I will be taking them to Dallas.

Enclosed is a carbon of the rough draft of my last letter to Mondale and also a memo.

Best wishes. I will be in touch when I get back and if I ever get organized. Take it easy.

*Gary*
