

IT'S TIME TO GET SERIOUS

**CITIZENS FOR THE TRUTH ABOUT
the Kennedy Assassinations**
"If not now... when?"

Citizens for the Truth about the Kennedy Assassination is a political action group with the specific goal of re-opening the unsolved assassinations of: John F. Kennedy, Robert F. Kennedy and Martin Luther King.

Few thinking people accept the official explanations of these murders. Yet our history books continue to perpetuate these myths.

The time has come to organize and unite. The time is now to release all classified documents relating to these events and to educate the American public. It's time to rescue our nations history.

"If not now----when?"

Most of all: The time has come for the President of the United States to appoint an Independent Counsel to conduct a truly independent investigation, which will penetrate the cover-ups and finally expose the lies.

It can be done. But the time is now. This may be our last chance. Support this effort! You can become a member by subscribing to our newsletter **PROBE**----- the only monthly information source designed to give you all the latest developments. There's a lot going on, and we want to share it with you.

We cannot know our destiny until we know our history

CITIZENS FOR TRUTH ABOUT THE KENNEDY ASSASSINATIONS STATEMENT OF PURPOSE

CITIZENS FOR THE TRUTH ABOUT THE KENNEDY ASSASSINATIONS (hereafter known as CTKA) was organized as a result of the April 1993 Chicago Midwest Symposium on Assassinations. At the end of that conference, it was generally decided that the time had come to create a political action group, which would urge the executive branch of our government to re-open the unsolved assassinations of the 1960s — i.e., the murders of Robert F. Kennedy, and Dr. Martin Luther King. To clarify and further that purpose, we have published this statement of our organization.

Our overall goal is to re-open the murder

Lee Harvey Oswald admitted his employment by the Office of Naval Intelligence and other espionage agencies — or so claims former-'deceased' researcher Ted Gandolfo (see accompanying story). Gandolfo made his assertions on Roy Tuckman's *Something's Happening* program broadcast

New Confessions in the JFK Assassination?

22, 1993. "Every tree in the forest will fall," Gandolfo says. Speaking on the same program a week earlier, JFK investigator Robert Groden also referred to the secret

Oswald confessions. According to Groden, a "right-winger" has possessed these important recordings for a number of years.

• **RFK Review.** Marilyn Barrett of the Truth and Accountability Foundation in Los Angeles had an article published in the *Los Angeles Reader* on June 4, detailing the current status of their Grand Jury request for a review of the LAPD's original investigation of the RFK slaying.

On June 22, John A. Grande, foreperson of the Los Angeles Grand Jury, offered this not-particularly responsive response to Barrett's request: "We have looked into the matter and have discussed it with the Los Angeles Police Department." Barrett wrote back on June 28, asking for more information on a number of relevant issues, including the names of the LAPD officers contacted by the Grand Jury. She also wants a more specific reply to her group's highly detailed allegations of a second gun in the RFK assassination, and subsequent LAPD evidence tampering.

More to come.

• **Like father, like son?** There's a new man on the Los Angeles Police Commission: Enrique Hernandez, Jr. You may recall his father "Hank" Hernandez, an LAPD Sergeant with intelligence connections, who played a key role in Special Unit Senator, the official inquiry into the RFK slaying. During the investigation, Hernandez Sr. used intimidating tactics on Sandra Serrano and other witnesses. Nowadays, he and his son co-own a private intelligence group called *Inferno*, based in Alhambra, CA.

RFK IN HOLLYWOOD

Chesera Films, working out of the Paramount Studios lot, has expressed some interest in the case. As yet, there is no production deal scheduled. John Anderson (yes, there is some fellow who ran for President) has involved himself in this effort.

Joselyn Carson, producer of *Tohca Lake* has finished shooting on an RFK film, centered on Sirhan Sirhan and entitled *Cry For Justice*. According to rumor, they've found the infamous gun owned by Thane Eugene Cesar, supposedly "hot" for a number of years.

Bernie Sefronsky, producer of the recently-completed *Marina's Story*, has made tentative inquiries to the literary agent representing William Turner and Jonn Christian's book *The Assassination of Robert F. Kennedy*. A good book that would make a good film. We'll keep you posted on this one.

The buzz around town is that the USC film school's "Lucas" wing is working with Lucasfilm's Skywalker Ranch facilities on a reconstruction of the RFK shooting. This strictly-scientific re-enactment is based on recently-discovered audio tapes from the night of the assassination.

Riding the Tiger's Back, by Philip Hemenway. The story of Robert Clayton Buck, CIA bullfighter. According to Dick Russell's *The Man Who knew Too Much*, Buck met Oswald in Mexico City, and later ended up in a cell with the ultra-mystical Richard Case Nagel. How new book gives the rest of the story. (Incidentally, Peter many other CIA employees could be called bullfighters?)

The Deep Politics of the JFK Assassination, by Dale Scott. The much-awaited new work by this highly-respected university professor, former Canadian diplomat and epic poet. There might be a few footnotes. Spooks and KKKing the Truth by Harrison Livingston. Will use this spook-filled volume to all but his sensitive ears. What do Richard A. Stragare
