Dear friend,

You are one of four people who have been chosen to receive the Sylvia Meagher Lifetime Achievement Award this year by the Coalition on Political Assassinations in recognition of your years of research and major contributions to the investigation of the assassination of John F. Kennedy. Your work served as a foundation over the years for the current research community, and your courage and perseverance set an example for all of us. We will be proud to present you this award at our annual conference this year.

A special Awards Dinner has been arranged for the presentation of these honors on the evening of Saturday, October 21, at 8:00 p.m. at the Omni Shoreham Hotel in Washington, D.C. Conference registrants will be in full attendance at the event, as well as additional family members and guests.

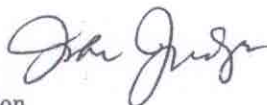

We want to extend an invitation to you, or a person of your choice, to attend, and receive the award. Your presence at the event will be an addition to our annual meeting. If you need special assistance to attend, please contact us.

These awards will be given annually to members of the research community who have made contributions of note. You are among the first four people to be honored due to our recognition of your efforts and contributions over the last three decades since independent investigation of the Kennedy murder began. Without your contributions, and those of Sylvia Meagher, whose name was chosen for the award itself, the public interest and awareness would have died long ago. It is likely there would be no Coalition of hundreds of people who took up your torch, who benefit from your published works, and who rely on you still as experts in this endeavor.

We sincerely hope you can attend and that you will accept this token of our esteem and appreciation for your under-rewarded labor to find the truth in the murder of our President so many years ago. Please contact us soon so that we can make arrangements for the event.

Yours,

John Judge
for the Coalition
