Senator John Sherman Cooper  
Senate Office Building  
Washington, D. C.

Dear Senator Cooper:

Enclosed is a copy of my book, **WHITTEWASH: THE REPORT ON  
THE WARREN REPORT.**

I hope you will take the time to read it and note its  
focus.

Should you have any questions, I will be glad to answer  
them.

As you will see, there is but a single explicit conclusion  
in the book: That the job has not been done and must be,  
entirely in public and preferably by Congress. I hope you  
will be in accord with this and will join me in this demand.  
Yours is a powerful voice, and it should now be heard.

Sincerely,

Harold Weisberg
