Dear Mr. Crawford,

If your purposes are not publication, merely research, and you do not intend to make my materials available to any others, then I should suggest that if and when it is possible, you might want to come here and look at my files on the Minutemen and the NSRP. I have a considerable amount of information on the former in no way indicated in either FAME-UP or in COUP, from which that is condensed.

The Minutemen would have it believed that they have disbanded, but I think it more likely the hard core is underground.

I can't provide copies, but you may also examine that part of the extradition file I did not publish. I don't know if you would find it helpful or not.

Suppression has become a major government endeavor. This is not the only case where, when there remained no alternative, I filed suit. Only circumstances not preclude my filing still others of this character.

I'm sorry there is little prospect I will be in that part of the country in the near future. I can travel only when I am invited to speak, and there seems to be remarkably little interest in the King assassination, I am dismayed to report. I've not had a single invitation, including not from any black group of school. Thus we can't consult on your interests down there.

I think that because it can be used to delay the effort to get his case into federal court, the Tenn. courts may grant a hearing. I do not think they will then rule in his favor and he may then be able to get into federal court. However, State remedies must be exhausted first, so granting a rigged hearing would be one way of effecting a legal delay.

Thanks for the offer of help.

Sincerely,

Dear Mr. Weisberg:

~~Received your letter~~
Received your letter, dated the 14 of Sept, the 27 of Sept due to lack of awareness of its previous arrival. If I understand you correctly, after payment of \$45 and formally acknowledging that I will abide by the international copyright law, I will have access to your larger work from which FRAME-UP was derived. I am presently engaged in this pursuit.

My basic intentions are in suit with yours although my resources are lacking in comparison. I do not intend publication. My research as of this date has consisted of a basic workup on the backgrounds of NSRP and Minutemen. I have also requested from the Justice and State departments evidence presented in the extradition trail in London and as of this date I have received no reply, supporting your contentions. I still find it hard to believe that the government can suppress such evidence so overtly and escape with little awareness of such oppression by the people. The old cliché "you can fool some of the people some of the time, but never all the people all the time" doesn't seem to hold much weight anymore.

I have read in the newspapers of the attempt to secure a new trail for Ray, my fingers are crossed. I am willing to work with you and hope I may be of some help.

With Respect,
