Able's account of the night of Oct 15
 is a mad whirl of chuchin' gay
 drip, burp, parties and other
 social events in which almost all
 the governments of Sweden were
 engaged in forgetting the loss of
 the day. It is the account
 of a typical day it is the account
 of the lives of men whose intellectual
 interests had long since lessened &
 whose major after-hour occupation
 was discussion of the post-war sat.

Sunday, October 3

It is also the account of
 coin-witted men steered by life to
 face, long - starting crises with
 the blink of an eye - of aging,
 balding & jowling, respected
 blending of the modern with
 our - types and the amount of
 respected, and romantic - novel
 created diplomatic type
 who smile to his guests
