

N.Y. PERIODICAL OFFICE BLASTED

By ARTHUR EVERETT

NEW YORK (AP) — A hand grenade was thrown into the offices of the Evergreen Review in Greenwich Village early today, the 15th anniversary of the beginning of Fidel Castro's Cuban revolution. Three windows were shattered but no one was injured.

Moments after the bombing, a man telephoned the Associated Press and said:

"We have begun to commemorate the morning of the 26th of July. Commandos of the MNCC have attacked at 2:35 a.m. the office of Evergreen magazine."

The unidentified caller, who said he spoke for a newly formed anti-Castro Moviento Nacional de Coalicion Cubano, said the Evergreen Review was a target because it is publishing Ernesto "Che" Guevara's diary and "because of their position in favor of international communism."

RIDICULES CHARGE

Berney Rossett, president of Grove Press, Inc., which publishes the Evergreen Review, called the pro-Communist charge "ludicrous."

"It is unfortunate that insane people have to resort to bombs to communicate," Rossett added.

The building was evacuated in mid afternoon after an anonymous caller threatened that the offices would be bombed again.

The caller said the bombing would occur at 4 p.m. but the deadline passed without incident.

It was the 12th bombing or attempted bombing in the New York area since April 22, with targets primarily tourist or diplomatic offices of countries trading with Cuba.

Grenade Blasts Publishing Firm

NEW YORK (AP) — A powerful hand grenade exploded today in the offices of the Evergreen Review of Grove Press in Greenwich Village, shattering three windows but causing no injuries. It was the 12th bombing incident in the metropolitan area since April 22.

Moments later, a man who said he was speaking for a newly formed anti-Castro exile group telephoned The Associated Press and claimed credit for the attack as well as for two earlier bombings which did not explode.

The caller said: "We have begun to commemorate the morning of the 26th of July. Commandos of the MNCC have attacked at 2:35 a.m. the office of Evergreen magazine."

He said the attack was made because the magazine had published the Che Guevara diary "and because of their position in favor of international communism."

domatic offices of countries trading with Cuba.

Most of the blasts have occurred at night when no one was about. However, a display of the offices of the Japanese National World Organization in Rockefeller Center was slightly injured a week ago by a tourist and her daughter.

UNEXPLODED BOMBS

There also have been unexploded bombs planted in New York. Five bombs were found in the Los Angeles area during bombing incidents in 1961 and a new explosion Friday at a Mexican tourist office in Chicago.

At the scene of the Chicago and Los Angeles explosions signs were left behind which read "Unite Cuban Power."

The man who called The Associated Press said his exile group was responsible also for bombs placed in the French tourist office in Rockefeller Center July 15, and at the Mexican consulate in Newark July 16. Neither of these devices exploded.

Cubans Picket Near N.J. Jail

NEWARK, N.J. (AP) — About 20 Cubans wearing GI caps and berets and holding signs pickedet the jail here today in support of a self-proclaimed anti-Castro Cuban group. Police said they found an armed man in the town. The group picketed for the American flag and the Cuban flag in support of Michael A. Decarolis, a 32-year-old farmer arrested last Tuesday night. FBI agents and state and local police said they found a sub-machine gun, 1,000 pounds of dynamite, several rifles and pistols, tear gas and a 50-mm mortar on Decarolis' farm. Juan Mas Sarda of Lake Hi-

awatha and Oscar Acevedo of Brooklyn, N.Y., spokesmen for the marchers, contended the guns belonged to the Cubans and not to Decarolis. Police said they told them that they had contacted Decarolis 47 years ago about using his farm for weekend maneuvers. He agreed and joined them, they said.

Police Bisect 'Cuban' Bomb

BEVERLY HILLS, Calif. (AP) — A hand-placed bomb bearing a sticker reading "Cuban Power" was discovered last night outside a travel agency on Wilshire Boulevard. Police said a night watchman saw the bomb "up in the air" and pick it up. The sticker indicated the bomb may have been placed by anti-Castro Cubans, police said. Similar stickers have been found at four of six sites where explosions occurred last month in the Los Angeles area.

Bomb Fla. Club Owned by Cubans

MIAMI (AP) — A bomb triggered at a fancy downtown supperclub last night showered Miami's Biscayne Blvd. with concrete and glass but no one was injured.

The club, "Les Violins," a Cuban-owned restaurant that features Flamenco dancers and strolling violinists, was closed as is usual on Mondays. The bomb exploded at about 11:30 p.m.

Plate glass windows were shattered at a florist shop across the six-lane main boulevard, a two-story insurance office building and other buildings in the area. The explosion was the latest in a wave of bombings and tear-gas incidents at places owned or frequented by Cubans.

Militant Exiles Plot Cuba Raids

MIAMI, Fla. (AP) — Sixteen militant Cuban exile organizations closed a seven-day conference in Miami Friday at which they advocated continuous armed commando attacks by sea, air and land against Cuba to topple the Fidel Castro regime.

A news release from the organization said the attacks would be coupled with infiltration and sabotage on the island as the most favorable revolutionary strategy to encourage internal conspiracy and psychological conditions that would eventually bring about Castro's downfall.

The Cuban groups formed a central command of Cuban democratic revolutionary organizations, with one member from each of the participating groups.

Liberal Club Offices Damaged by a Bomb

NEW YORK, Aug. 19 (UPI) — A bomb exploded early today in the doorway of a West Side Manhattan building housing a liberal party headquarters and bomb threats were made on the U.N. Headquarters and the British U.N. Mission.

The explosion wrecked the door, heavily damaged the entrance, and shattered a window of the building on upper Broadway. Two patrolmen on their regular rounds less than 50 feet away escaped injury.

The explosion was almost simultaneous with an anonymous phone call received by United Press International that a bomb had been planted at the Liberal Club by a "Cuban secret party" to protest liberal government in the United States "which we believe is encouraging and fostering communism."

There was no damage to the Liberal Party Club on the third floor or to a Spanish club on the second floor.

United Press International also received a telephone warning from a "Mr. Losono", representing an alleged aid to Biafra group, that two bombs had been planted at the United Nations and one at the British Mission to protest lack of action on behalf of starving Biafrans.

Police said a search of both premises failed to turn up any bombs.

The explosion at the West Side Liberal Club was the 20th since April 22 believed linked with anti-Castro Cuban groups. The first was at the Spanish national tourist office here and the last was Aug. 6

at the New York office of the Daily World, the Communist newspaper.

Cuban Exiles, Mexican Consul Target of Blasts

MIAMI, Fla., Sept. 9 (AP) — Bombs exploded last night on the front porch of the home of the Mexican consul and about 45 minutes earlier at the meeting place of a group of Cuban exiles in the Little Havana section. No one was injured.

Investigators said the blast at the consul's home in a residential area did no damage and "apparently whatever it was malfunctioned."

The explosion, the third bombing in a series of attacks on Mexican interests, left a black spot in the porch.

A door and window at the meeting place were damaged.

An exile group calling itself Cuban Power has taken credit for other bombings in the Miami area, including Mexico, was a target because of its trade with Cuba.
