Dear Mr. Weisberg:

I have never written you before, so allow me to explain the reason for my writing. I have a strong interest in the John F. Kennedy assassination subject. Of all the events of American history, I think I like to study this subject more than any other. Like yourself, I do not believe the Warren Commission report (as I am convinced that there were several gunmen in Dealey Plaza on November 22, 1963). I have become convinced on the basis of the evidence I have accumulated that there was a conspiracy to kill President Kennedy. I have some programs that were shown on The History Channel recorded on VHS tape and you are on those programs.

I got this address as to how to contact you via the Internet. I would like to know if you are aware of any new significant information concerning the assassination that has come out within the last two or three years. Have you updated and/or refined any of the Whitewash series that you authored years ago? Do you have any contact with any of the other assassination researchers (such as Robert Groden, Gary Mack, Martin Shackelford, or Stewart Galanor)?

I would certainly like to hear from you regarding any of this. You may send your reply to my address on the envelope. I hope we can correspond more later on and I look forward to hearing from you soon. Thanks in advance.

Sincerely,

Mark Darter
