FROM : *NAP* SA NAT A. PINKSTON

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

DATE: 12/22/66

On Nov. 22, 1963, I was on duty at the Dallas office of the FBI. During the course of my regular work I was in the offices of the Auto Theft Bureau of the Dallas PD on the third floor of the Dallas Police and Courts Bldg. on the Main St. side of the building. I was checking their records on a stolen car that had been stolen and transported in interstate commerce and had been recovered by that Dept. As the presidential motorcade passed by everyone in that office rushed to the windows and I also looked out the window and observed the President pass by. I completed my investigation and proceeded to the Police Auto Pound at 606 S. Good Latimer Expressway to process the recovered car and was at the pound when word came over the Police radio there of the shooting of the President.
