Dear Harold,

Here is my check for Post Mortem.  
I'm still puzzled about James Earl  
Ray. According to news reports here, he  
fired Fensterwald as his attorney. If he  
still has Jim, does that mean Jim is  
no longer working with Bud? I noticed  
Jim was not listed on Bud's Committee's  
letterhead, (but then he dropped me too).

I'm confused & any clues as to  
what is going on would be helpful.

Best -

Hal

Hastily, Hal,

You persist in a misconception.

Lesar was never Fensterwald's employee or a member of his firm.

He had been a member of CTIA. For a while its counsel.

But no more.

Ray did fire Bud.

Jim asked 6th circuit to be relieved. It refused.

He thus remains counsel.

That simple.

Best wishes,
