Dear Mr. Erdmann,

Many thanks for the copy of your magazine and the offer.

The burden of the work I have already undertaken makes it impossible for me to undertake any other at the moment.

However, perhaps you can find what interests you in what I have already published, for example, the Epilogue to WHITEWASH II or the Introduction to PHOTOGRAPHIC WHITEWASH. If this is the case, you may use them contracting if you so desire.

I will, of course, appreciate any mention you can make of my books and how to get them. I enclose a flyer listing them.

Good luck, and again thanks.

Sincerely,

Harold Weisberg

Dear Mr. Weisburg:

Enclosed is a current copy of our magazine. We understand you are a avid research into the Kennedy assassination. Note our editorial and filler comments.

D/D would like to cordially offer our pages to you to promote your researches. Mention of books and prices are also permittable.

We hope to print more material on this subject as time goes on — and wish you could possibly contribute what you may. Please let us hear from you.

Sincerely,  
Steve Edmann
