

62-109090-735 is one of many records in which the FBI states that it had no reason to believe that LHO had any potential for violence. It even refers to the denial of SA James P. Hosty that he had told the Dallas detective, Powell, that they knew LHO had a potential for violence. Yet all along, from the 1975 internal investigation of it, the FBI ~~has~~ knew, in its entirety, that Oswald had threatened the Dallas FBI itself with violence just before the assassination & that it destroyed the note in which he made this threat. The note is & the admitted destruction by Hosty.
