... if a lead, it did not admit / having misled a great many if not most Ameri- cans with its initial reporting - justified as that reporting was from the FBI records AP ~~had~~ had seen to the time the story was written. "... The fact that Oswald had been arrested in New Orleans for distributing pro-Castro literature."

Oswald was not arrested for distributing pro-Castro literature. He was arrested because ~~he~~ was a ~~journalist~~ <sup>journalist</sup> when he was assaulted by one of ~~the~~ <sup>the</sup> pro-Castro Cubans - the one now known to have served the CIA. There is no comment in between Miss and Castro. In fact, the Cuban Embassy in Mexico denounced Oswald as shot its friend after this arrest & before the assassination of 11/28/77  
the NY Daily News heralded my hoax as "the possibility of a Cuban"

Even in this story and in  
all but one other story I have  
seen there is this error:  
The FBI did not give the letters  
to the W.C. because it would  
not want to create them.

First of all, the Commission  
not only had the letters -  
it published many of them.  
Secondly, the only value  
the letters would have lies  
in who would have perpetrated  
such a hoax

~~The news had a separate  
story on the Peter Charles  
matter, "The Letter Hinted at  
Dark Fate"~~

memoranda - which pointed
