

NEW ADDRESS: RT. 7, FREDERICK, MD., 21701 301/473-8186

10/10/67

Dear Maggie,

Several weeks ago I saw this copy of Jenner's memo or 7/27/64, "RE: Oswald's Weight". I got the Xerox today. Here is a darkened copy.

The current to the 3M machine is inadequate. Tomorrow (I hope, for we've not hot water!) the electricians are coming. Thereafter I should be able to make a better copy for you, if you'd like. Meanwhile, because the service man said that the machine might require further adjustment when we moved, it is that sensitive to current variations, I thought I'd not wait but send you this.

There are about a half-dozen documents ~~for~~ ^{of} which I asked copies that I did not get. I'll be back there briefly 10/13 and will ask for them again. If among these is another in which I know you might have an interest, I'll send a copy. I think I got another memo on 10:26, placing the time at 2:30 and a simultaneous order from Fritz for both addresses at that hour.

A brief note from Shirley Martin, missent to several postoffices by the Post Office before it reached me, bears as its earliest postmark 10/3 and says, simply, "Vickie was killed in the most terrible automobile accident. I can't write."

Best wishes,
