Dear Mr. Weisberg:

I thought the enclosed newspaper clipping might prove of interest to you since you have been building a collection on Kennedy assassination.

Also I thought the following from the Hearing on the assassination of President Kennedy might of interest:

Vol One page 15 Testimony of Mrs. Oswald

Q. Do you recall the day that you took the picture of him (Oswald) with rifle and the Pistol?

A. I think that that was towards the end of February, possibly the beginning of March. I can't say exactly. Because I didn't attach any significance to it at the time. That was the only time I took any picture.

Oswald purchase the rifle on March 14, 1963 from Klein, and was shipped from Chicago on March 20, 1963. He ~~and~~ purchase the pistol

sometime after January 27, 1963, and was shipped
to him on March 20, 1963. Oswald didn't have
the rifle or pistol towards the ending of
February or the beginning of March.

Could you give me your opinion on this?

I am also interested in learning ~~whether~~
the published date of White wash III, and any
other particulars which will enable me to
purchase a copy from you at the earliest
opportunity.

Hoping to hear from you soon.

Sincerely yours,
Joseph Faicelli

Dear Mr. Pricelli,

As usual, your clippings are helpful. They would be more so if you could date and source them.

Your observation about the rifle, rifle picture and Marina is interesting. I do not believe I notice it before. I'll check into further when I get caught up. I'm just finishing up a book on New Orleans and have two others behind schedule.

Marina is a very undependable witness. I have suspected these pictures but cannot prove anything wrong with the one on which the negative was not stolen. There are a number of unusual things in them. What you point out could be important. Time will tell. I know another man researching in the field who has an interest in these pictures. I will tell him what you have when I write.

Thanks,

Sincerely,

Harold Weisberg

The earliest possible publication date for WHITEWASH III is now the end of next month. I have hopes of commercial publication for it and I think you will agree when you see them that the two that will precede it are more timely. It will, I think, be more important, but does not have the rush urgency.
