Dear Mr. Gregoris,

Many thanks for your thoughtful letter, forwarded by Dell. Oswald is said to have had two jackets (perhaps you did not read WHITEWASH, the first book, with the blue cover, which Dell also reprinted?). Can this answer your question?

I would appreciate seeing the Dallas source book.

I agree with your comment on Carr. I have a little on this in my New Orleans book, which will soon be out. Flyer enclosed.

It would, indeed, be better if the relationship between those few of us who have dared challenge the official falsehood could be better. However, aside from personal differences, which people always have (and I doubt if you would expect him who is gored to love the bull), there are doctrinal differences. These are of principle. Spatein, for example, really is not a critic of the government. He assumes its basic conclusion without at any point confronting the evidence. His public activity has been in support of the Commission, save where he could get paid for taking a critical position, as in Esquire.

I agree with you about a movie and am working on it. As you can see, my work has continued and is continuing. I am working on the fifth book now and there will be at least two more. Please let me know if you'd like to be put on our mailing list.

Sincerely,

Harold Feisberg

DEAR MR. WEISBURG,

IN YOUR BOOK WHITWASH II YOU MENTION THE EVIDENCE THAT OSWALD'S JACKET WAS FOUND IN AN ALLEY WHERE HE DISCARDED IT AFTER FLEEING THE TIPPETT SCENE. I HAVE SEEN EVIDENCE FROM ATTORNEY GENERAL CARR STATING THAT THIS JACKET WAS PICKED UP IN THE SCHOOL DEPOSITORY BUILDING. THIS DOCUMENT IS TOO LONG FOR ME TO TRANSMIT IT IN HAND WRITING, ALTHOUGH I HAVE IT COPIED FROM A SOURCE BOOK IN DALLAS. IT GIVES MUCH DETAILED INFORMATION ABOUT ATTORNEY GENERAL CARR'S DEDUCTIONS IN WHICH HE DISAGREES WITH THE COMMISSION. THIS WAS WRITTEN BEFORE HIS MIND WAS CHANGED OR INFLUENCED. IF YOU WOULD LIKE, I WILL SEND IT TO YOU.

AT THIS TIME I AM NOT TOO SURE THIS LETTER WILL REACH YOU, SINCE I DO NOT HAVE YOUR ADDRESS.

I WISH THAT YOU WRITERS WOULD

NOT DISAGREE WITH EACH OTHER  
SO VEHEMENTLY. THE TRUTH WOULD  
GAIN SO MUCH MORE IF YOU ~~LEARN~~  
WOULD LEARN TO RID YOURSELVES  
OF THE PETTY RIVALRY

WHAT A FABULOUS MOVIE ALL  
OF YOU COULD PRODUCE. IN FACT,  
YOU SHOULD PRODUCE IT!

YOU, LEO SAUVAGE, PENN JONES,  
MARK LANE AND THE MANY OTHER  
WRITERS OF BOOKS ON THE ASSASSINA-  
TION.

THIS IS THE ONLY EFFECTIVE  
PATH LEFT TO DEFEATING THAT  
MOST MONSTROUS LIE.

SINCERELY YOURS

Waggoner Carr Letter to Hon J. Lee Rankin of May 26, 1964

Dear General,

During my last visit with you I was told of your plans to question Mr. Ruby. When, and if, you do so, I wish to urge you to question him in detail as to being one and the same person as the Jack Rubenstein ~~in the report~~ of Chicago who several years ago was active in the Youth Communist Movement in America.

You will find this information regarding Jack Rubenstein in the report of the House Un-American Activities Committee under the chairmanship of then Congressman Martin Dies. If you need a more accurate reference.....

There has been a great deal of speculation also on Ruby's trip to Cuba. I would urge you to explore this fully.

May I also suggest that every effort be made to determine why Oswald was headed in the general direction of Ruby's house at the time he was intercepted by officer Tippett.

The other matters, such as conspiracy and possible connection between Ruby and Oswald, I am sure are foremost in your mind.

Yours very truly,

Waggoner Carr

Notes of Attorney General Waggoner Carr Concerning the Investigation Conducted in Dallas, Texas, on May 9, 1964 of the Texas School Book Depository Building and Surroundings

Present at this time were John J. McCloy, Allen Dulles, John Sherman Cooper of the Commission, Dean Story, myself, Mr. Truly and various members of the FBI. We met at the Depository building at approximately 9:00 AM. David Belin of the Commission staff was also present. We reviewed and inspected the book Depository building and its surroundings until approximately noon.

Mr. Truly, conducted us on a tour of the building and described the events on the assassination day. On the sixth floor from where the shots were fired, we spent considerable time discussing the scene of the shooting from the window used by Oswald to fire the shots. We had Oswald's rifle and telescopic sight and the difficulty of shooting this rifle was discussed at length. Oswald's rifle was a heavy rifle with not too much kick to it upon being fired. The telescopic sight which had been removed from the rifle was of poor quality and did not bring the objects in very close. It did have a cross hair which helped to aim the rifle. On more than one occasion I was able to look thru the sight and observe what Oswald saw at the various distances it is presumed he fired at the President. I observed the heavy weight of the foreignmade rifle and the bolt action of the gun. I arrived at the conclusion that Mr. Oswald had to be a crack shot to fire as many times as he did in a period of a few seconds with no more help than he had from the scope. The tree between him

and the President offered an obstacle which made the firing more difficult. We had officers clear the traffic from the middle lane and via walkie talkie radio we directed those officers to proceed to to certain spots where it was presumed the President was at the time of the first, second and third shots. We also observed the portion of the sixth floor where the rifle was later found by the officers hidden among the stacks of books cartons. We also traced Oswald's steps down to the floor where he was first seen by Officer Baker before he purchased his coke from the coke machine.

On the fifth floor, we stood where the Negro witnesses watched the parade. They later testified before the Commission that they heard the shots and heard the shells fall on the floor after each shot. We observed that the falling of the shells on the floor above could be heard. This was heard even through the floor of the sixth floor had been thickened by additions of plywood since the assassination date.

On the second floor, we had officer Baker demonstrate where he rang up the stairs and observed Oswald going through a door towards the lunchroom and the coke machine. He demonstrated how he ordered Oswald to return to him prior to Mr. Truly's advising him that Oswald was an employee and "Let's go on up."

On the same floor we talked with Mrs. Heid, who had previously testified before the Committee and who saw Oswald ~~before the committee~~ and a few moments later in the office area of the second floor with a coke in his hand. He walked by her and disappeared down through the doors at the south end. It is presumed that he went down the stairs in the front of the building and went out of the building unnoticed.

III

On the first floor we noted the stairs and the area where officer Baker and Mrs Truly ran to see who had fired the shots upstairs. We observed the washroom and domino room, and the room where Oswald's jacket was later found which he apparently discarded between the time he left the building after the assassination and the time he arrived for work that morning. We also saw where the wrapping paper was secured which was found on the sixth floor.

Outside the building we observed the street position of the cars when the shots were fired. We also investigated the area around the railroad tracks and ~~z~~ on the overpass and observed that it would have been impossible to fire from the overpass without the bullets going through the windshield prior to striking the President. We also observed the surrounding grounds and area and the immediate position of the parade prior to the shooting.

Subsequently to the investigation Senator Cooper, Mr. Dulles and I had an interview with the press. After this Dean Story and I left and went to his law office where we discussed the situation together with the events of the previous night when Dean Story held an informal dinner for the members of the commission and city officials. He will write a resume of this dinner meeting.

As a sideline and note to this memorandum, we were given by Mr. Truly a book of "Roller Readers". Oswald used a couple cartons of those "Roller Readers" to brace his rifle on to secure a steady aim at the President. We secured the autographs of everyone present for this event.

IV

Senator Cooper and Allen Dulles assured the press at the interview that all the findings of the commission would be made public and that the report would be made this summer at the latest. Mr. McCloy found it necessary to catch a plane about 11:00<sup>AM</sup> and, therefore, left prior to the interview.
