

7/28/68

Dear Lou,

In case I didn't write you, I have located the rest of the "ilteer-NSRP documents. I ~~abt~~ you know in case you develop any rush need for them. I have them in the book I had drafted before my last trip down. I am also carrying this further, with the proper agencies, etc.

It is a pretty nasty story, even with what we already knew. The suppression is worse, and so are the facts.

With the arrival of the New Orleans papers (it makes no difference that the Washington papers are on strike for they print nothing anyway) I can now remind you that my new legal sources were pretty accurate in their predictions--were they not? If you can send me a copy of the decision, I'd appreciate it.

I have located about 700 pages of additional indexes to the Warren- Commission material. I cannot afford to have it all copied so I am making arrangements with our westcoast friends who I think will . I have asked some of my collaborators to card these indexes for them so that, ultimately, we may have a single index to what is indexed. I ll let you know, for occasionally some very good stuff turns up that way.

If you have a list of Captain Bob Brown's publications (Pathhar Press, Boulder, Colo.) I'd appreciate a copy as soon as possible. If you do not, I'll let you have a copy when I get it. He figures in the N.O. end, in fact, if not in ~~22~~ court, through his influence on one of the Commission witnesses.

If I didn't tell you, Gary Schocher is out of hospital, in Phila., may come down here this coming weekend with Vince. He is satisfied his beating was of racial origin. He has lost the sight of one eye and seems lucky to be alive. He should be carrying some of the new information and the better stills of the movie you and Boxley and I looked at, of which he sent you the stills we had made. I expect an affidavit from the guy who took those pictures. Gary thinks he has located another set also. I'll keep you posted. There seems to be a possibility that the editing of the original before it was copied and returned was not as total as the Feebees may have intended. Through this new technique of the guy I located in May, it seems something else is brought out.

I have heard from John Christian. He is anxious for the contents of the letter to me of which I gave you a copy not to get out. You may recall the first copy disappeared. He is still working on it. He has sent me something bearing on it that has not yet reached me (by hand).

Regards,

Harold Weisberg
