

Dear Terry Hamblen,

3/12/75

I'm sorry about the delay in answering your kind letter. I am a one-man publisher and that means I have all the work to do, including mailing. It also means I have not been able to get back to any writing since September.

Printing any of my books means being able to pay the printer and that I can't do.

Post Mortem is written. Agent Oswald is started.

The draft of another book is almost completed.

Clippings are helpful if they only make a more complete historical record, so thanks for them and nay more.

The story on the imposter in Russia was carefully and dishonestly angled. I confronted Howard Willens on this on TV that Thursday. This was his first appearance on his or any other Commission work and I think it will be his last. However, the Commission did have those files, as I do.

I was not the one quoted. I have those documents and more and ~~had~~ used them on the air. The man described as a researcher is a stranger to the Archives. He is a promoter, chief of self and Nixon.

I'm glad to hear from people but sometimes getting time to answer is a problem. It comes from ~~my~~ other work, work I can't therefore do.

Again my apologies for the delay and my thanks for your kind words.

Sincerely,

(1)

DEAR MR. WEISBERG;

I Really enjoyed White Wash #4. It was exciting and interesting. I only regret that it did not contain more of your writing. Enjoy your books so very much, the books are never long enough! Studying the JFK ASSASSINATION is one of my favorite hobbies. — AND YOU ARE, WITHOUT DOUBT, MY FAVORITE AUTHOR IN THIS FIELD.

Since 11-22-74 AND PUBLICATION OF WW II THERE HAS COME THE PUBLIC OUTCRY AND THE INTENSIFIED INVESTIGATION OF THE CIA. PERHAPS THIS RECENT SENSATIONALISM OF THE CIA AND OTHER GOVERNMENT ~~AGENCIES~~ OFFICIATING WILL ENABLE YOU TO PUBLISH AGENT OSWALD. CAN WE HOPEFULLY EXPECT AGENT OSWALD AND POST MORTEM SOON? I CERTAINLY HOPE SO!

I ENCLOSE CLIPPINGS

(2)

from the newspaper. I do hope they will interest you.

The Dick Gregory article shows what appears to be WATERGATE figure E. HOWARD HUNT in, supposedly, cell 11-22-63. Apparently either with or in the custody of, the police. In this instance I regret I threw away Clarence Kelly's and the FBI's contention that the photograph ~~is~~ is not that of HUNT, mentioned in White Wash II.

The FBI memo ~~mentioned~~ ~~mentioned~~ on the OSWALD Impostor reminds me of White Wash I AND ONO. MR. WEISBERG, these memos AND documents, "discovered in the NATIONAL ARCHIVES ~~at~~ here by a private researcher," is it possible that unnamed private researcher is you?

At any rate, I do hope I am not bothering

3

You with my letters,  
Quite FRANKLY, I'm not cer-  
tain why I AM FASCINATED  
BY THIS SUBJECT. I HAVE  
NO PARTICULAR LOVE FOR  
JFK. SORRY he is DEAD,  
BUT... I DAY DREAM A  
lot ABOUT YOUR BOOKS AND  
THE ASSASSINATION. YOUR WRIT-  
ing is CAPTIVATING.

Sincerely hope you will  
HAVE A NEW BOOK OUT SOON.

Sincerely,

Terry Hamblen
