Dear Bev,

Glad you are recovering! Hope rapidly and well.

When I had my not few operations I was anxious to read!

There was little else to do except explore the TV wasteland.

I did not publish Case Open. It was butchered but remains effective and the mail on it is the nicest ever. With no advertising or promotions of any kind.

It is a Carroll & Graf book. They are distributed by Publishers West. All the stores can get it from their own distributors. If your store does not have it a phone call or card is all it takes.

Perhaps you can get it mailed to you by your store.

The cover price is \$11.95.

Hope your book was going well before your surgery and that you can pick it up again soon.

Our best wishes for the coming year,

Harold

Dear Mr + Mrs. Weisberg:

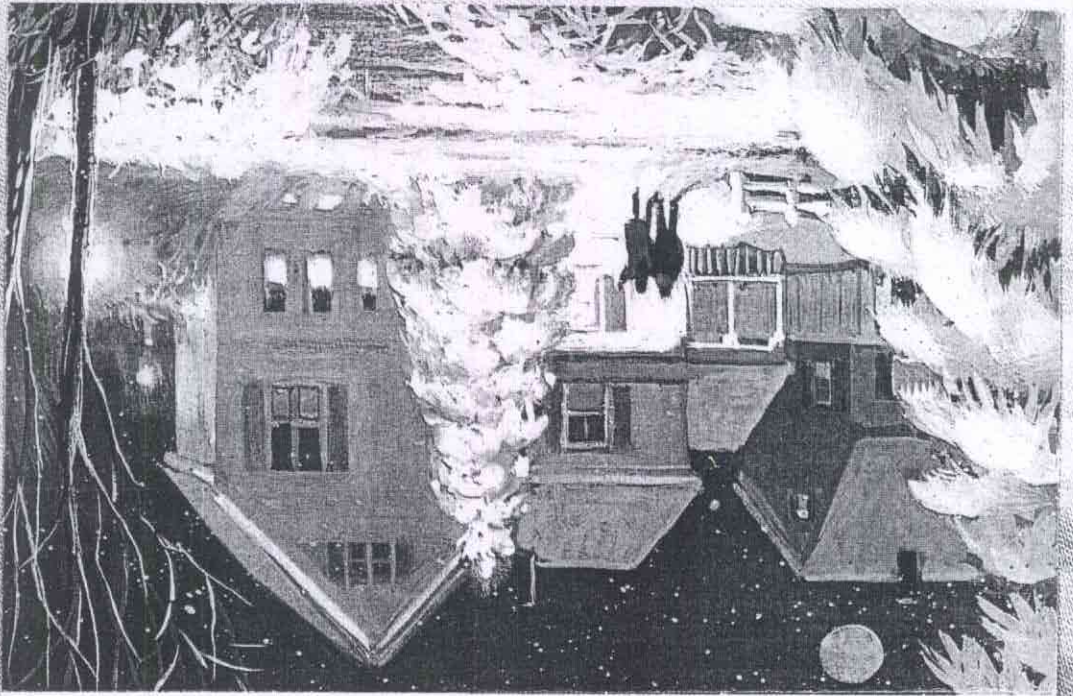

Trust this card finds you both well and enjoying the holiday season. I've heard that you have written a new book, "Case Open". Can you let me know how much it is? I'm in no rush since I'm recovering from major surgery and have had to put my book on hold until the new year. Hope to hear from you then.

Warm wishes for your happiness
at Christmas and through the
coming year

all the best for 1995!

Sincerely, Bev Huston
