Dear Matt-ne-writsum-letters,

Finally heard from Gary Saturday. He is going to ^hhila this week at some time he did not specify and then will be coming here. I've suggested that Ince and Libby drive him down and spend the weekend. We can accomodate all.

Gary's injuries appear to be both serious and permanent from the little he told me. He has lost the sight of his left eye and has impaired vision in the right. He seems to think that will improve.

He also believes the effects of the other injuries will be transitory. Hope so.

Meanwhile, I've cleared the accumulation and am back at work. I've added a chapter I'm astounded I forgot to COUP D'ETAT and done further and productive research I'll tell you about in person. Wish I thought that'd be soon. However, unless there are legal developments or other emergencies I cannot now anticipate, I have no plans for going now.

In the course of my work I have come across two names that men be known to some of your associates and friends, perhaps in Tennessee or Georgia. These are Joseph Adams Milteer, of Quitman, Ga., and Jack H. Brown, of Chattenooga. I'd appreciate anything you know or can learn about them. Milteer was connected with something called the "Constitution" Party and the "National States' Rights Party. All I've learned about Brown is that he is neither of the Jack H. Browns I dug up!

My stomach shrunk marvelously when I was there. I lost about 10 pounds then and whittle slowly now. While I have learned that my weight can vary more than ~~give~~ by the amount of food I eat (it has been as much as five pounds a day). I am almost excited that the scale sometimes reads as little as 178 lbs. I went there weighing 195! With a food intake of perhaps one pound, I am mystified at the variation.

The pictures have been developed but not printed. I hope to get them today. Hope you get a chance to make the additional one.

Resgrds to everyone.

Sincerely,
