Sir,

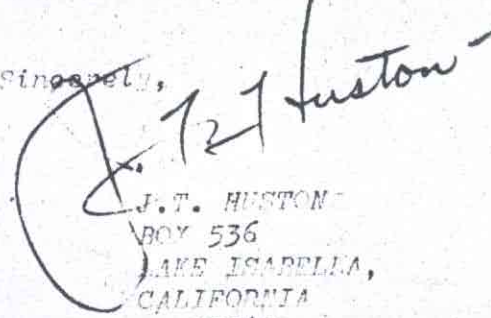

I write you this letter in sincere hopes it is forwarded to you personally. If the information I am able to relate at this time is of interest to you, please acknowledge at your earliest convenience.

Having read both of your publications, (WHITENASH, WHITENASH II) with a great deal of interest, I concede to many of your observations. Both books are exceedingly well written, excellently presented, and seemingly well documented.

From what I gather your conclusions, are that, more than one person, a conspiracy did exist in the assassination of John F. Kennedy. Therefore, I wish to state I have information of great importance on one Loran Eugene Hall, now residing in this area. If this could be of benefit, meaning a documented exposure of coorespondence involving Hall, and others, with the events just prior to the 22 nd of November 1963, is there any assurance that I could forward this to you or your publication with any degree of safety? Please understand, I have readily accepted a responsibity as of this date. I meaningfully state that through your first book, (WHITENASH) I found the referance to this man and where he was first questioned (after 22 Nov. 63), since then I have made his acquaintance, and have not only had "inside" information relating to his past, but have secured photos of letters and an undated diary. He (Hall), to the best of my knowledge, does NOT know I realize his involvement. He has used a nickname in this area since establishing residence. Any additional information I can relate at this time will be held pending an acknowledgement from you personally. I sincerely hope you understand.

Again, I wish to compliment you on your writing. Additionally, I will inform you I have written a similar letter to District Attorney Jim Garrison, New Orleans, and am awaiting a reply as of this date.

Sincerely,
