Dear Miss Irving,

If you were writing to give me encouragement, thanks. But I think you need some. Please accept my promise that despite the ~~xxx~~ more than warranted cynicism, we are going to do this. It is essential that we, regardless of belief, do it, for without it we will have no visible society of any kind, no futuro(s). There is also the old-fashioned concept: honor.

But above all: right!

May I take you up on what amounts to an offer of help? Please get your friends to phone the bookstores to have them stock and push PHOTOGRAPHIC WHITENASH: SUPPRESSED KENNEDY ASSASSINATION PICTURES. there seems to be a real but quiet push against it I haven't time to detail. I understand there are no copies in the stores. There are a thousand at Rayner Book Co., Monrovia, Calif., a large wholesaler.

In your questions: I have some data on the epileptic seizure indicating it was a Cuban plot for diversion, with Cubans involved. Garrison knows more about this and may be able to do something.

There is something on that or an additional arrest at the Dal-Tex Edgin Photo. I know no more than I have printed on this. One other thing you can do to help: I haven't had time to check back over the radio logs to get it, but this arrest appears there. Would you please get me the citation(s)?

Have no doubt of the truth outing. That I can do. What we have to fight for is general recognition and action.

My thanks for taking the time and the wishes.

Sincerely,

Harold Weisberg
