Dear Lou,

Enclosed are a letter to Jim, some "Lauteman material" Maxley asked for, some reports I thought you might not have and would want in your file, a letter I wrote the Ceraci's ( + hope their boy comes back from Vietnam! What a rear target he is in the front lines, and what motive there is for him not to come back!) and, if I can get it in, a carbon of an article I have written in answer to Epstein. If it does not fit, or if my wife does not finish typing it in time, I'll mail it in tjy next. If the content is of any interest, it will soon be out. It goes to press this week.

In the rush I forgot to ask you for what you have on the National States Rights Party that you can let me have. I have written about them in my new book and would like to make that part as strong as possible.

As you can see, I have a problem with envelopes. If you have any plain ones large enough to hold a stuffed one like I use, perhaps Lorraine can send me a few so I can mail things to you.

Thanks for everything.

Sincerely,

Herold Weisberg
